47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I strongly support broadband competition. We need small local business to keep the costs down and support the local communities. I love our local broadband provider they give much better customer service than the large providers, like AT&T and Comcast and have competitive rates. We need to support smaller local business for a healthy economy.
